**Required:** Field must be filled.

**Label:** Element label

**Help Text:** If added the form element will display a question mark icon. The text will be displayed if you put the mouse pointer over it.

**Class:** Css class name.

**Name:** Programmatic name.

**Access:** Only users with selected roles will see the element.

**Min:** Minimum value. If value is less than min you will get an error message when submitting form.

**Max:** Maximum value. If value is greater than max you will get an error message when submitting form.

**Step:** Valid interval. Eg. if Step=4 valid values are 0, 4, 8, 12 and so on. If Min is set that is the starting point of the interval. Eg. if Min=5 and Step=3 valid values are 5, 8, 11 and so on. If entered value is not valid you will get an error message when submitting the form.
