

## 10.1.5

### Table of Contents

### Feature

### Changes

- All change entries in the change calendar are displayed with the selected setup day. In month view, +2 can be displayed if many changes on the same day.
- If the change has the status resolved, the date in the plan tab is locked. To change, the change case must have the status started.
- Agent cards can be opened via the user's initial icon menu at the top right

The image shows a user interface with a top navigation bar and a user profile menu. The top bar contains a search icon, a help icon, a lightning bolt icon, a settings icon, and a user icon labeled 'GG'. The user icon is highlighted with a red circle. The user profile menu is open, showing the user's name 'Gunn Garvik' and the initials 'GG'. Below the name are three options: 'My profile', 'Language', and 'Log out'. The 'Language' option is highlighted with a red bar. To the right of the menu is a user profile form. The form has a close button 'X' in the top right corner. It contains the following fields: 'First name' with the value 'Gunn', 'Last name' with the value 'Garvik', 'Username' with the value 'gungar' and a 'RESET PASSWORD' link, 'Email' with the value 'gunn.garvik@technet.no', and 'Phone' which is empty. Below these fields are two date pickers: 'Unavailable from' with the date '2022-06-17' and 'Unavailable to' with the date '2022-06-17'. At the bottom of the form are two buttons: 'SAVE AND CLOSE' and 'SAVE'. There are also links for 'EXCHANGE' and 'SIGNATURE'.
