

Activate an app

Open Settings -> Apps -> Configure

Under 'Apps' you get a list of apps that are available and not activated.

Tap the app you want to activate, then tap the activate button.

Sync

Connector

Microsoft - Azure AD
App type: Connector

Configure links to azure ad to retrieve groups and devices and have the ability to sync them to Moreservice. Full user guide can be found [here](#)

CLOSE

ACTIVATE

The app will then appear under 'Active apps'. If an app depends on other apps, they will also be activated automatically.

Active Apps

Microsoft Teams
Collaboration
More Service

More Service Sync
