Time marked with "Invoicing" is summed into «Invoiceable time» in the case.

☐ Solution

☐ Private log

☒ Invoicing

Standard konsulent ▾

3 hours 0 min

Invoiceable: 03:00 (00:00 from tasks)

When tick box for «Invoicing» is marked in work log, time is registered as «Invoiceable Time»:

Time Spent: 00:00 (00:00 from tasks)
Invoiceable: 00:00 (00:00 from tasks)
Received: 2020-06-18 13:58
Registered: 2020-06-18 13:59
Updated: 2020-06-18 13:59

Invoicing is defined on user level and in «Admin» tab we can choose which users to invoice and who will not be invoiced. If user is set to be invoiced, Invoicing tick box will be automatically activated for all **logs and emails** which will be registered in this case.
